Welcome to Jabra. The world's leading professional audio brand for work and life.

Hej, (that's 'hi' in Danish). We're Jabra. Part of the GN Group, creators of award-winning video and audio products, for work and life. For over 150 years, we've innovated and pushed the boundaries of what's possible, engineering technology that's transformed the way people communicate and collaborate all over the world.

Our R&D expertise encompasses audio and video. From consumer earbuds and gaming headsets, to equipping call centers, meeting rooms and front-line workers, to military and medical-grade hearing solutions, we've built customer trust and a reputation of quality, durable and reliable audio and video tech which meets a diverse range of customer needs.

The people and organizations (including 80% of Global Fortune 100 companies) that rely on us don't stop – and we won't either. That's why we continue to break fresh ground with future-proof solutions, delivering a constant stream of software and firmware updates, as well as dedicated partner support resources and certified training.

“We design and engineer technology that frees people to work, live and communicate how and where they want to, equipping them with the tools to live their life to a new rhythm.”

Peter Karlstromer, CEO

JABRA EVOLVE2

The next generation in professional headsets

We've reimaged our best-selling Evolve headsets - used by over 30 million professionals worldwide - to create a crystal-clear audio experience across all hybrid locations.

With fantastic focus-boosting features including upgraded noise-cancellation, enhanced microphones for the Open Office, and our groundbreaking Jabra AirComfort technology, our ultra-flexible Evolve2 headsets help people collaborate and concentrate in unbelievable comfort, wherever they choose to work.

[ABOUT](#)[EVOLVE2](#)[ENGAGE](#)[SPEAK2](#)[PANACAST SERIES](#)

EVOLVE2 SERIES

It's not just new in every way. It's the new standard.

EVOLVE2 BUDS

Professional true wireless earbuds with ANC

- Focus anywhere with Active Noise Cancellation (ANC)
- Advanced Bluetooth Multipoint connectivity
- Jabra MultiSensor Voice™ for professional calls on the go
- Plug-and-play USB adapter enhances sound & connection
- Ultra-compact, comfortable design
- Up to 33 hours battery
- UC and Microsoft Teams certified variants available

EVOLVE2 65 FLEX

Professional foldable headset with Hybrid ANC

- Unique fold-and-go design for portable professionalism
- Out-of-this-world comfort with Jabra Air Comfort technology
- Best-in-class Hybrid Active Noise Cancellation* (ANC)
- With Jabra ClearVoice microphone technology and hideaway boom arm mute
- Premium sound for calls and music
- UC and Microsoft Teams certified variants available

EVOLVE2 40

Professional corded headset

- New angled design with memory foam ear cushions for noise isolation like never before
- 360° busylight visible from all angles
- With Jabra ClearVoice microphone technology and boom arm mute
- Powerful leak-tolerant 40mm speakers
- All-day comfort, with soft memory foam cushions that mold to your ears' contours
- Choose between USB-A or USB-C variants
- UC and Microsoft Teams certified variants available

EVOLVE2 85

Professional wireless headset with Digital Hybrid ANC

- Digital hybrid Active Noise Cancellation (ANC), and incredible noise isolation
- 360° busylight, visible from all angles
- With Jabra ClearVoice microphone technology and hideaway boom arm mute
- Up to 37 hours battery life
- Powerful 40mm speakers and AAC codec
- All-day comfort, with soft memory foam and an ergonomic design
- UC and Microsoft Teams certified variants available

EVOLVE2 55

Professional wireless headset with ANC

- Silence your surroundings with Active Noise Cancellation (ANC)
- Out-of-this-world comfort with Jabra Air Comfort technology
- With Jabra ClearVoice microphone technology and boom arm mute
- Optimized sound for professional and personal use
- Dual connectivity, plug-and-play, and up to 30m/100ft wireless range
- UC and Microsoft Teams certified variants available

EVOLVE2 30

Professional corded headset

- Ultra-lightweight for enhanced all-day comfort
- With Jabra ClearVoice microphone technology
- 28mm speakers for outstanding audio
- Noise-isolating design
- Reinforced steel headband & slider for increased durability
- Integrated busylight for instant 'do not disturb' mode
- UC and Microsoft Teams certified variants available

PANACAST SERIES

JABRA ENGAGE

Industry-Leading Headsets for Maximum Call Centric Performance

After analyzing over 10,000 calls, we've uncovered the hidden cost of background noise on both finances and the key performance indicators of contact centers.

Background noise causes twice as many interruptions to calls, leading to a 10% increase in the average call length and a 10% drop in customer satisfaction scores.

Jabra Engage headsets suppress 80% more background noise than MS Teams Open Office Premium certification requires. The result is improved conversation quality, less interruptions, 10% shorter calls, and happier customers.

By cutting the average call handling time, agents are available to take more calls than ever before, ensuring that the initial investment pays itself back in weeks.

Introduce real-time call quality data and fix any issues before they arise, with AI-enabled Engage headsets. Boasting advanced voice recognition technology and designed to be comfortable all day long, these are designed for maximum customer satisfaction, inside and outside the call center.

PANACAST SERIES

VIDEO COLLABORATION. REINVENTED

PANACAST 40 VBS

Small room Android video bar system

- Maximize your small meeting rooms with 180° field of view in 4K video
- Array of beamforming, noise-cancelling microphones and impressive speaker
- Cutting-edge AI-powered video features for more inclusive meetings:
 - Intelligent Zoom that automatically adjusts the field of view in real time
 - Virtual Director that intelligently tracks the active speaker
- Dynamic Composition that delivers a close-up view of the 4 most recent speakers in the room
- Intelligent Meeting Space defines room boundaries for a customized virtual meeting space
- Go from box to first meeting in under 12 minutes with a secure, wall-mounted installation.*
- Flexible deployment including optional touch controller and BYOD mode
- Built on Microsoft Device Ecosystem Platform (MDEP) for robust security
- Easy remote management and update with Jabra+
- Certified for Microsoft Teams and Zoom Rooms

PANACAST 50 VIDEO BAR SYSTEM

Medium room Android video bar system

- Maximize your medium meeting rooms with 180° field of view in 4K video
- Four powerful speakers in a zero-vibration stereo setup and full duplex
- Cutting-edge AI-powered video features for more inclusive meetings:
 - Intelligent Zoom that automatically adjusts the field of view in real time
 - Virtual Director that intelligently tracks the active speaker
 - Dynamic Composition that delivers a close-up view of the 4 most recent speakers in the room
 - Intelligent Meeting Space defines room boundaries for a customized virtual meeting space
- Fast and streamlined installation
- Flexible deployment including optional touch controller and BYOD mode
- Built on Microsoft Device Ecosystem Platform (MDEP) for robust security
- Easy remote management and update with Jabra+
- Certified for Microsoft Teams and Zoom Rooms

PANACAST 50

The award-winning hybrid meeting experience for small to medium size rooms

- 180° field of view delivering wall-to-wall room coverage
- Four powerful speakers and eight beamforming microphones for astounding Jabra sound with full duplex audio, noise suppression, super wide band audio and echo cancellation
- Intelligent meeting room experiences that deliver more inclusive hybrid meetings, including:
 - Intelligent Zoom that automatically adjusts the field of view in real time
 - Virtual Director that intelligently tracks the active speaker
 - Dynamic Composition that delivers a close-up view of the 4 most recent speakers in the room
 - Intelligent Meeting Space defines room boundaries for a customized virtual meeting space
- Network-connected system enables easy remote management and data access
- Real-time whiteboard streaming for more inclusive remote collaboration
- Plug-and-play for fast setup and maximum ease of use
- Certified for Microsoft Teams, Zoom and Zoom Rooms

PANACAST 50 ROOM SYSTEM 2

NEW

Updated PanaCast 50 Room System on Windows

- All the best features of the PanaCast 50 Room System with even more flexibility and performance power
- Two controller options – plug-and-play USB touch controller or network-based IP touch controller
- Upgraded Lenovo Core Gen 2 compute for faster performance
- Bring Your Own Device (BYOD) now supported
- Certified for Microsoft Teams

PANACAST 20

Intelligent, AI-enabled personal video conferencing

- Premium AI-powered 4K Ultra-HD video quality
- AI-driven Intelligent Zoom keeps you center stage
- Intelligent Lighting Optimization for a picture perfect image, wherever you work
- Integrated privacy cover guarantees privacy when you need it
- Built for flexible working. Clips to any monitor. Comes with protective case
- Use with a Jabra headset or speakerphone for an outstanding audio experience
- Truly plug-and-play. Works seamlessly with all leading UC platforms

*Based on GN internal UX testing, March 2025.

AT THE DESK | CORDED HEADSETS

IDEAL FOR

Professionals in the distracting open office/home office looking for a premium solution.

POLY BLACKWIRE 8225

- Connects via USB-A or USB-C.
- Over-the-head (stereo).
- Flexible, noise-canceling microphone with Poly Acoustic Fence technology.
- Intuitive inline controls for call answer/end, mute, volume +/-.
- Three levels of Advanced Digital Hybrid ANC.

IDEAL FOR

High call volume knowledge workers needing a corded headset for PC and Chromebook telephony.

POLY BLACKWIRE 5200 SERIES

- Connects via USB-A, USB-C or 3.5 mm.
- Over-the-head (monaural or stereo).
- Noise canceling microphone along with enhanced digital signal processing (DSP).
- Intuitive inline controls for call answer/end, mute, volume +/-.
- All-day comfort. A lightweight cushioned metal headband offers durability and a comfortable custom fit.

IDEAL FOR

Knowledge workers who need a modern, stylish corded headset for PC and Chromebook telephony.

POLY BLACKWIRE 3300 SERIES

- Connects via USB-A, USB-C or 3.5 mm (BW3315/3325).
- Over-the-head (monaural or stereo).
- Noise-canceling microphone.
- Intuitive inline controls for call answer/end, mute, volume +/-.
- Connect quickly and easily.

AT THE DESK | DECT™ WIRELESS HEADSETS

IDEAL FOR

Enterprise and call center professionals who need to connect to desk phones, PCs, and/or mobile devices.

POLY SAVI 8400 OFFICE SERIES

- Active Noise Canceling blocks background noise and nearby conversations (8420).
- Noise Canceling mic offers crystal clear calls with a microphone that captures your voice while reducing background noise.
- 3-way base with color display helps streamline the return to office with a universal base for your Poly DECT™ headsets. Connects to PC, mobile, and deskphone.

IDEAL FOR

Use in financial, medical, and government, where conversations need to be secure.

SAVI 7300 OFFICE SERIES

- Two-way connectivity – computer and desk phone.
- Over-the-head (stereo, monaural).
- Noise-canceling microphone with Poly Acoustic Fence technology.
- Call answer/end, mute, volume +/-.
- Up to 2x more density than other DECT™ headsets.
- Designed to meet the DECT™ Security Step C – the highest security level from DECT™ Forum.

AT THE DESK | BLUETOOTH WIRELESS HEADSETS

IDEAL FOR

Office and home office professionals who need a premium stereo Bluetooth® headset.

POLY VOYAGER FOCUS 2

- Connect to your desk phone (with optional Voyager Office base), PC/Mac or your mobile phone with Bluetooth®.
- Over-the-head (stereo).
- Advanced multiple microphone noise-canceling with Poly Acoustic Fence technology in a discreet boom.
- Call answer/end, mute, volume +/-, 3-position ANC switch.
- Three levels of Advanced Digital Hybrid ANC.
- Stay connected all day with charging base options.

IDEAL FOR

Office and hybrid professionals who prefer the freedom of hands-free calls all day.

POLY VOYAGER 4300 UC SERIES

- Connect to your desk phone (with optional Voyager Office base), PC/Mac or your mobile phone with Bluetooth®.

CONFERENCE ROOM | VIDEO SYSTEMS

IDEAL FOR

Small rooms that need a premium all-in-one video bar.

POLY STUDIO X32

- All-in-one design includes a camera, mics, speakers, and built-in cloud video apps.
- Poly DirectorAI smart camera technology with pinpoint-accurate automatic framing modes.
- 4K Ultra HD camera with 132° DFOV, 120° HFOV.
- Block out audio distractions with Poly Acoustic Fence and NoiseBlockAI technologies.

IDEAL FOR

Small rooms that need an easy-to-use USB video bar.

POLY STUDIO R30

- Simple USB connection to a PC or Mac to use with any video app or cloud service.
- Poly DirectorAI smart camera technology with pinpoint-accurate automatic framing and tracking.
- 4K Ultra HD camera with 120° DFOV, 110° HFOV.
- Block out audio distractions with Poly Acoustic Fence and NoiseBlockAI technologies.
- Wi-Fi connectivity or USB connection for device management.
- Tripod-ready design and optional wall and VESA mounts.

IDEAL FOR

Small rooms that need a simplified bring your own device (BYOD) experience.

POLY STUDIO R30+

- Connect easily with the HP USB-C Dock G5, which lets you connect to the in-room system over just one cable, and powers your notebook at the same time.
- Take control of your BYOD meetings with a remote that gives all in-person meeting participants the ability to mute/unmute, adjust the camera/volume, and more.
- Boardroom quality audio and video experience from Poly Studio R30 with advanced noise reduction and automatic framing so that you can focus on the conversation, not the technology.

IDEAL FOR

Small rooms that need a USB video bar.

POLY STUDIO V12

- 4K Ultra HD, 20MP camera with 120° HFOV.
- Block out audio distractions with Poly Acoustic Fence and NoiseBlockAI technologies.
- Synaptic video experience with latest-gen Poly DirectorAI smart camera technology.
- Simple setup with easy to use monitor clamp and USB connectivity.

CONFERENCE ROOM | VIDEO SYSTEMS

IDEAL FOR

Small rooms that need a PC-based Microsoft Teams system.

POLY STUDIO BASE KIT G9 PLUS FOR MICROSOFT TEAMS ROOMS, WITH POLY STUDIO V12*

- Poly DirectorAI smart camera technology with pinpoint-accurate automatic framing modes.
- 4K Ultra HD, 20MP camera with 120° HFOV.
- Block out audio distractions with Poly Acoustic Fence and NoiseBlockAI technologies.
- 10-inch IP touch controller directly connects to the room PC over Ethernet cable or via PoE switch, for up to 4 touch controllers.
- Powerful HP Mini IP Conferencing PC with Windows 11 IoT and Intel® Core™ i7.

IDEAL FOR

Small rooms that need a PC-based Zoom Rooms system.

POLY STUDIO BASE ROOM KIT FOR ZOOM ROOMS, WITH POLY STUDIO V12*

- Poly DirectorAI smart camera technology with pinpoint-accurate automatic framing modes.
- 4K Ultra HD, 20MP camera with 120° HFOV.
- Block out audio distractions with Poly Acoustic Fence and NoiseBlockAI technologies.
- Intuitive 10-inch touch controller with easy-to-use controls via clear, high-resolution touch display.
- Powerful HP Mini Conferencing PC with Windows 11 IoT and Intel® Core™ i7.

IDEAL FOR

Medium rooms that need to connect to multiple video conferencing platforms over USB.

POLY STUDIO

- Poly DirectorAI smart camera technology with pinpoint-accurate automatic framing and tracking.
- 4K Ultra HD camera with 120° DFOV, 110° HFOV.
- Poly NoiseBlockAI and Acoustic Fence technologies keep out audio distractions.
- Up to 15 ft/4.6 m of microphone pickup range, or further with optional expansion mics.
- High-fidelity stereo speakers fill the room with sound.
- Wi-Fi connectivity for content sharing and device management.
- Simple USB connection to a PC.

IDEAL FOR

Medium rooms that need a premium all-in-one video bar.

POLY STUDIO X52

- All-in-one design includes a camera, mics, speakers, and built-in cloud video apps.
- 20MP 4K UltraHD 95-degree FOV camera.
- Poly DirectorAI smart camera technology with pinpoint-accurate automatic framing modes.
- Surround in-room meeting participants with legendary sound and remove distractions with noise canceling technologies.

IDEAL FOR

Medium rooms that need a premium USB video bar.

POLY STUDIO V52

- Optimized for USB performance with simple connectivity to a PC.
- 20MP 4K UltraHD 95-degree horizontal FOV camera.
- Poly DirectorAI smart camera technology with pinpoint-accurate automatic framing modes.
- Surround in-room meeting participants with legendary sound and remove distractions with noise canceling technologies.

CONFERENCE ROOM | VIDEO SYSTEMS

IDEAL FOR

Medium rooms that need a PC-based Microsoft Teams system.

POLY STUDIO BASE KIT G9 PLUS FOR MICROSOFT TEAMS ROOMS, WITH POLY STUDIO V52*

- Poly DirectorAI smart camera technology with pinpoint-accurate automatic framing modes.
- 20MP 4K Ultra-HD 95-degree FOV camera.
- Surround in-room meeting participants with legendary sound and remove distractions with noise cancelling technologies.
- 10-inch IP touch controller directly connects to the room PC over Ethernet cable or via PoE switch, for up to 4 touch controllers.
- Powerful HP Mini IP Conferencing PC with Windows 11 IoT and Intel® Core™ i7.

IDEAL FOR

Medium rooms that need a PC-based Zoom Rooms system.

POLY STUDIO BASE ROOM KIT FOR ZOOM ROOMS, WITH POLY STUDIO V52*

- Poly DirectorAI smart camera technology with pinpoint-accurate automatic framing modes.
- 20MP 4K Ultra-HD 95-degree FOV camera.
- Surround in-room meeting participants with legendary sound and remove distractions with noise cancelling technologies.
- Intuitive 10-inch touch controller with easy-to-use controls via clear, high-resolution touch display.
- Powerful HP Mini Conferencing PC with Windows 11 IoT and Intel® Core™ i7.

IDEAL FOR

Large rooms that need to connect to multiple video conferencing platforms over USB.

POLY STUDIO V72

- Optimized for USB performance with simple connectivity to a PC.
- 20MP 4K dual cameras with 120° and 70° horizontal FOV.
- Poly DirectorAI smart camera technology with pinpoint-accurate automatic framing modes.
- Surround in-room meeting participants with legendary sound and remove distractions with noise canceling technologies.

IDEAL FOR

Large rooms such as board rooms, training rooms and classrooms.

POLY STUDIO G62

- Pair multiple cameras and microphones over Ethernet for complete audio and video coverage of the room.
- Simple installation to reduce costs.
- When paired with Poly accessories, take advantage of DirectorAI video framing and NoiseBlockAI features to reduce distractions.

CONTACT CENTER

IDEAL FOR

Contact center employees who need a premium all-day headset.

POLY ENCOREPRO 700 SERIES

- USB and Quick Disconnect (QD) models available for ultimate flexibility in connection.
- Over-the-head (stereo, monaural) or convertible.
- High-quality wideband stereo audio support with SoundGuard Digital hearing protection (USB only).
- Premium materials provide strength and all-day comfort.
- Extendable boom for maximum voice pickup and noise cancellation.

IDEAL FOR

Contact center employees who need an all-day headset.

POLY ENCOREPRO 500 SERIES

- USB and Quick Disconnect (QD) models available for ultimate flexibility in connection.
- Over-the-head (stereo, monaural) or convertible.
- High-quality wideband audio support with SoundGuard hearing protection.
- Audible and visual cues for optimal boom positioning.
- Aircraft-grade aluminum joints; unibody boom construction.

IDEAL FOR

Contact center employees who need a cost sensitive all-day headset.

POLY ENCOREPRO 300 SERIES

- USB and Quick Disconnect (QD) models available for ultimate flexibility in connection.
- Over-the-head (stereo, monaural) or convertible.
- Flexible noise-canceling microphone boom.
- Acoustic protection with G616 and TWA (USB only).
- Unique dynamic mute alert (USB only) and hi-fi stereo for media playback (USB only).

CONTACT CENTER

IDEAL FOR

Connecting headsets to PC softphones in contact centers.

POLY DA SERIES

- USB-A and USB-C on the same cable.
- Superior noise and echo cancellation for richer, clearer conversations.
- Call controls and Quick Disconnect (QD) for walkaway convenience.
- Full compatibility for any Poly QD headset, future-proofing your investment.
- Intelligent headset recognition dynamically tunes audio performance to your headset.

IDEAL FOR

Contact centers integrating desk phones and PC based applications.

POLY MDA500 QD SERIES

- Allows customer service representatives to take calls on desk phones or softphones.
- Superior noise and echo cancellation.
- Independent volume and mute and call answer/end controls at your fingertips.
- Comprehensive desk phone compatibility with Electronic Hook Switch (EHS) integration.
- Visual mute and call status indicators.
- Seamlessly integrate mixed-call environments.

IDEAL FOR

Use in financial, medical, and government, where conversations need to be secure.

SAVI 7300 OFFICE SERIES

- Two-way connectivity – computer and desk phone.
- Over-the-head (stereo, monaural).
- Noise-canceling microphone with Poly Acoustic Fence technology.
- Call answer/end, mute, volume +/-.
- Up to 2x more density than other DECT™ headsets.
- Designed to meet the DECT™ Security Step C – the highest security level from DECT™ Forum.

Stay Focused with Audio Designed for Your Brain

At EPOS, we understand that while we hear with our ears, we listen with our brain. This is why EPOS audio solutions built on EPOS BrainAdapt™ are designed to provide the best conditions for your brain.

-  Improved Focus
-  Better Concentration
-  Increased Productivity

By blocking out distracting noise and providing the most natural sound, EPOS audio solutions minimize the amount of energy it takes your brain to process sound – leading to improved communication and better performance throughout the workday.

EPOS
THE POWER OF AUDIO

IMPACT

When Talk Matters

Whatever your line of business, clear and seamless communication is essential for excellence. And in a world where 40 percent* of professionals spend long durations on the phone, and where noisy and open work environments are the norm, this proves even more important. It's for this reason that our products are designed and crafted with superior materials that filter out unwanted noise, clarify speech and are fully compatible with all your devices and systems. So you get perfect communication, every single time.

Wired Headsets

IMPACT wired portfolio

Wired headsets offer consistent and reliable audio quality without the need for batteries or charging. They are cost-effective, easy to setup, and ensure stable connection.

Ideal for: contact centers or offices with dedicated workstations, where employees do not need to move around frequently, ensuring constant high-quality communication without worrying about battery life or signal interference.

IMPACT 800 Series

On-ear wired headset with adaptive ANC and industry-leading voice pickup

Designed for the next generation of desk workers in the New Open Office

Key Benefits

- ✓ Get your message across thanks to industry-leading voice pickup powered by EPOS AI™
- ✓ Protect your brain with hybrid adaptive ANC that effectively shuts down noise
- ✓ Enjoy a superior open office headset with super wideband and stereo sound
- ✓ Stay comfortable with a lightweight design, soft cushions, and headband padding
- ✓ Experience true ease of use with smart features and plug-and-play connectivity

IMPACT 700 Series

On-ear wired headset with inline control for outstanding Customer Experience

Designed for contact center professionals with industry-leading voice pickup

Key Benefits

- ✓ Enjoy exceptional call clarity with three beamforming mics powered by EPOS AI™
- ✓ Stay comfortable throughout the day with lightweight design and soft earpads
- ✓ Effortlessly manage calls with an intuitive and ergonomic inline controller
- ✓ Focus on the customer with passive noise dampening and incoming speech clarity
- ✓ Get peace of mind with a product engineered to withstand heavy use

IMPACT 400 Series

On-ear wired headset to make yourself heard and keep your concentration in any work environment

Designed for hybrid workers that seeks a headset that delivers unmatched value for money

Key Benefits

- ✓ Dual-microphone system with advanced filtering algorithms transmits less unwanted noise and ensures clear calls
- ✓ Professional-grade speakers and a sound profile tuned for calls ensure that you don't miss any important details
- ✓ Soft noise-dampening ear pads, ultralight design, and a padded headband reduce wearing fatigue and let you stay in the flow
- ✓ Plug-and-play connectivity and intuitive features like lift-to-mute help to minimize friction and boost your productivity
- ✓ Meets the rigorous Microsoft Teams Open Office requirements, providing uncompromising value at a competitive price point

IMPACT 100 Series

On-ear wired headset for easy enterprise deployment

Designed to facilitate transition from traditional telephony to UC

Key Benefits

- ✓ Enjoy a natural listening experience with EPOS Voice™ and noise-cancelling microphone
- ✓ Experience a deployment-friendly headset compatible with all major UC platforms
- ✓ Easily manage calls with in-line call control unit
- ✓ Enjoy great comfort with ultra-lightweight design and acoustic foam ear pads
- ✓ Protect yourself from acoustic injury with EPOS ActiveGard™ technology

IMPACT DECT portfolio

DECT is a wireless technology operating in 1.8 GHz (EU/Asia-Pacific) and 1.9 GHz (US/Canada) that delivers strong signal quality and range.

Range: Typical office environment - 55 m/180 ft; Line of sight - 180 m / 590 ft

Ideal for: a dependable option for environments with numerous electronic devices where multiple users need reliable, high-quality wireless communication such as customer support centers.

IMPACT 5000 Series

On-ear DECT headset that connects seamlessly to all your devices

Designed to offer total flexibility to modern office professionals

 Certified for
Microsoft Teams

Key Benefits

- ✓ Experience super wideband audio and exceptional stereo performance and sound clarity
- ✓ Enjoy total flexibility with a headset that pairs easily to all devices within 180 m range
- ✓ Increase productivity with clear busy lights and noise-dampening ear pads
- ✓ Ensure enhanced security with protected pairing and 128-bit authentication
- ✓ Enjoy all-day wearing comfort with soft leatherette ear pads

IMPACT D Series

On-ear DECT headset for wireless freedom

Designed for premium audio performance and powerful wireless reach

Key Benefits

- ✓ Experience uncompromising sound with EPOS Voice™ and noise-canceling microphone
- ✓ Enjoy wireless freedom and connect to devices up to 180 m away
- ✓ Connect to your chosen desk phone or softphone
- ✓ Choose between three wearing styles: headband, ear hook, or neckband
- ✓ Dock easily between calls through an intuitive magnetic charger

ADAPT 600 Series

Over-ear, Bluetooth® headset for maximum concentration

Powered by EPOS AI™ and built on EPOS BrainAdapt™ technology, ensuring superb call clarity and the best audio for your brain

Certified for
Microsoft Teams

zoom Certified

Key Benefits

- ✓ Enjoy superb call clarity, optimized voice pickup and a natural listening experience
- ✓ Effectively reduce office and wind noise with four adaptive ANC microphones
- ✓ Increase focus with renowned stereo sound that lets you enjoy high-quality music
- ✓ A certified solution for Microsoft Teams and optimized for UC
- ✓ Never miss a meeting and make scheduling easy with Alexa

ADAPT 500 Series

On-ear, Bluetooth® headset with discreet boom arm

Featuring a new headband and softer earpads for long-term wearing comfort

Certified for
Microsoft Teams

zoom Certified

Key Benefits

- ✓ Get clear calls with two advanced mics and a boom arm to optimize voice pick-up
- ✓ Focus anywhere with hybrid ANC that reduces background noises
- ✓ Enjoy all-day wearing comfort with a low-impact headband
- ✓ Switch effortlessly between devices with multipoint connectivity
- ✓ Stay in touch with your surroundings with EPOS Voice™ technology

ADAPT 300 Series

Over-ear, Bluetooth® headset to block out noise

Featuring ANC to reduce background noise and help you concentrate in busy offices or on-the-go

Key Benefits

- ✓ Switch effortlessly between devices with multipoint connectivity
- ✓ Stream music with high-quality stereo sound and 46 hours of listening time
- ✓ Enjoy a sleek design with soft ergonomic ear pads
- ✓ Launch Microsoft Teams instantly with a dedicated button
- ✓ 2 advanced microphones that optimize voice pick-up

ADAPT 200 Series

On-ear, Bluetooth® headset with boom arm available in double and single sided variants

Take calls on-the-go with a lightweight, portable design

Key Benefits

- ✓ A noise-cancelling microphone filters out ambient noise for clear calls
- ✓ Enjoy flexible multipoint connectivity and renowned stereo sound
- ✓ Maximize productivity and comfort with soft leatherette ear pads
- ✓ Stay stylish with a boom arm that folds discreetly away
- ✓ Protection from acoustic shock with EPOS ActiveGard® technology

ADAPT Presence

On-ear, Bluetooth® ear hook optimized for UC

Discreet headset including a carry case and USB dongle

Key Benefits

- ✓ Intelligently adapts to different environments with 3-digital noise-cancelling microphone
- ✓ Up to 10 hours call time between charges
- ✓ Intuitive on/off and answer/end function with sliding microphone boom arm
- ✓ A flexible choice of wearing styles and optional headband
- ✓ Tap into Siri and Google Assistant and be online at the touch of a button

ADAPT 100 Series

On-ear, wired headset with boom arm available in double and single sided variants

Headset with plug-and-play connectivity and reliable sound for work or study

Key Benefits

- ✓ A noise-cancelling microphone filters out ambient noise
- ✓ Plug-and-play connectivity with 3,5 mm jack USB-A / USB-C connectors
- ✓ Large, noise damping earpads block out noise and provide a comfortable fit
- ✓ Certified for Microsoft Teams and optimized for UC
- ✓ Protection from acoustic shock with EPOS ActiveGard® technology

Bluetooth® speakerphone

EXPAND 30 Series
Bluetooth® speakerphone

EXPAND 20 Series
Wired speakerphone

EXPAND 80 Series & EXPAND 80 Mic

Speakerphone solution for medium-sized meeting rooms

This bundle combines a premium Bluetooth® speakerphone with an extension mic to deliver a natural experience for meetings with up to 16 in-room participants.

Key Benefits

- ✓ Get your message across with six adaptive beamforming mics and DSP
- ✓ Enjoy rich, natural sound with a powerful ultra-low distortion speaker
- ✓ Experience Scandinavian design with high-quality materials and sound-enhancing fabric
- ✓ Set up easily with integrated cable management and Kensington Lock support

EXPAND 40 Series

Portable Bluetooth® speakerphone with exceptional audio

This sleek and portable Bluetooth® speakerphone lets you join meetings instantly and delivers crystal clear audio performance on both ends of the call.

Key Benefits

- ✓ Isolate your voice and reduce ambient noise with three beamforming mics
- ✓ Allow simultaneous speech with industry-leading duplex performance
- ✓ Optimize and tailor to your exact needs using EPOS Software Solutions
- ✓ Connect easily to any device via Bluetooth® or USB-C cable

EXPAND 30 Series

Portable Bluetooth® speakerphone
for instant conferencing

This portable Bluetooth® speakerphone delivers high-quality audio in personal and smaller conferences with up to 8 participants.

Key Benefits

- ✓ Connect seamlessly to up to three devices with multipoint
- ✓ Experience exceptional audio with EPOS Voice™ technology

EPOS Technology

We divide our technologies into 3 subcategories: EPOS AI™, EPOS Sound™ and EPOS Voice™ to ensure a clear understanding of our technical spectrum at all ends. Our technologies span over the range of Artificial Intelligence to Sound Experience and Microphone Performance.

EPOS AI™ – Creates an optimized audio experience

Through our commitment to exploring the Power of Audio we have developed an optimized audio experience that pushes your communication further and boosts your ability to succeed. With our user in mind, we implemented EPOS AI™ – a machine learning system embedded in EPOS audio devices that processes audio and takes decisions independently. By interacting with advanced beamforming and noise reduction algorithms, this system enables the device to automatically adapt to your speech while studying your sound environment. The technology within EPOS AI™ then successfully reduces the ambient sounds in your environment, thus, transmitting your speech loud and clear to your listener – where it matters most.

EPOS Sound™ – Sound as if you were right there

EPOS Sound™ makes the most out of your premium audio device by delivering a natural listening experience. Through continuous monitoring of ambient sound and varying noise levels, our technology helps you concentrate while taking care of your hearing: creating an augmented and immersive audio experience that sounds as if you are speaking to someone face-to-face or are right there in the same environment. No matter where you are. What's more, you can listen to your teammates or keep an ear out for announcements without removing your headset. For more focus, block out background noise with ease and enjoy the benefits of EPOS Sound™ – while watching your performance and energy levels rise.

EPOS Voice™ – Be understood in any environment

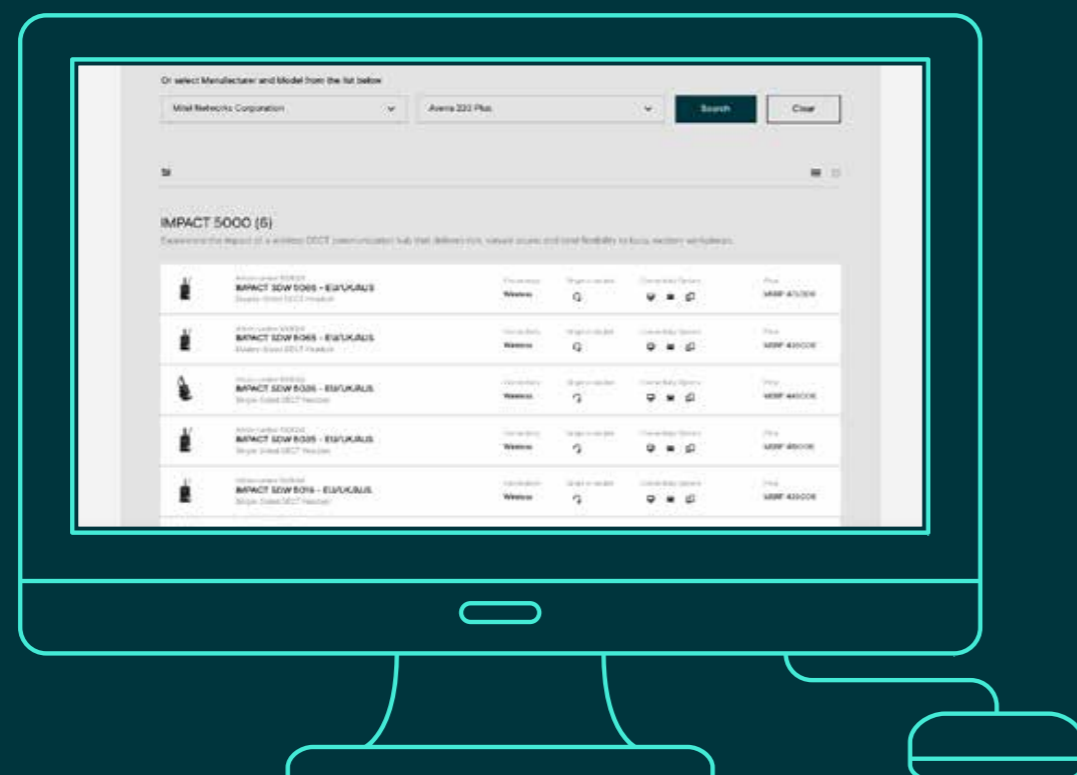

EPOS Voice™ improves your speech intelligibility and provides for a better conversation by creating an acoustic lens to focus on your speech. Through removing remaining noise disturbances, it ensures a more natural reproduction of the human voice. EPOS Voice™, furthermore, recognizes your environment in order to eliminate unpleasant background noise to clarify your sound picture. Making sure you can be heard no matter where you are – for the ultimate audio experience. With optimal control of noise levels, this technology allows for an effortless use of your digital voice assistants anytime, anywhere.

Compatibility Guide

Looking for a business headset for a particular phone, device or platform?

Use our online Compatibility Guide to find the choices available to you and to learn about the different headset features.

Try EPOS Online Compatibility Guide
eposaudio.com/enterprise/headsets/compatibility-guide

Choose the right headset

You need your device to work seamlessly with your headset. It's that simple. EPOS headsets are designed to cover every possibility.

Device/Connectivity

Softphone/PC – Connection via USB/USB-C cable or USB dongle (Bluetooth®) to Microsoft Windows or Apple Mac OS

Mobile phone – Connection via Bluetooth® or 3.5 mm jack cable

Tablet – Connection via Bluetooth®, 3.5 mm jack cable or USB depending on tablet.

Desk phone – Connection via multiple types of cablesWorks with all standard telecoil-equipped hearing aids.

Telecoil – Works with all standard telecoil-equipped hearing aids.

EPOS Digital Solutions

Empower Your Business Anywhere

Save valuable time and make life simpler and smarter for your IT department, your business and your colleagues. By keeping you in touch with all your EPOS devices, EPOS Manager puts you in control of your company's UC environment in three key areas:

Asset Management

[Get the overview](#)

See all your devices on the dashboard; from headsets to speakerphones and even non-EPOS devices. All users are registered in the system, which shows both active and inactive devices – who is using which device and how they are being used. Simply reallocate redundant resources to boost productivity. Reports on usage and firmware compliance keep you in complete control of company assets.

Update Management

[Less downtime, more convenience](#)

A flexible and cost-effective way to get the latest firmware updates to all your organization's EPOS devices, whenever it's convenient for you and your end-users. Push new updates to an unlimited number of devices across your organization from one simple dashboard. Schedule your automated updates to cause minimum downtime and disruption to your company's workflow.

Configuration Management

[Easy for you, easy for end-users](#)

The centralized configuration option allows all settings to be controlled from the IT department, ensuring that headset user's experience a simple plug and play solution. You can centrally push configurations or lock specific specifications on EPOS devices to comply with regulatory compliance settings for specific groups or individuals.

EPOS Manager for IT Administrators

Optimize your business and boost employee performance with a free, flexible and secure tool that manages your audio devices and analyses their use.

Manage And Update Devices From Anywhere

Remotely deploy and configure audio devices and get the latest firmware updates across locations to minimize downtime.

Gain Analysis And Insight

Extract reports on device mix and headset usage to gain insights into the way your company works and how it can be improved.

Complimentary With EPOS Audio Solutions

Choose between on-premises or cloud-based freeware with unlimited software updates.

EPOS Connect for Headset Users

Update with the latest firmware and personalize your EPOS audio device settings to ensure flawless operation and maximum productivity. EPOS Connect works with Windows, Mac and VDI/thin clients.

The Latest Updates

Get the latest firmware updates to enhance your EPOS devices and ensure your performance at work.

Personalized Audio Experience

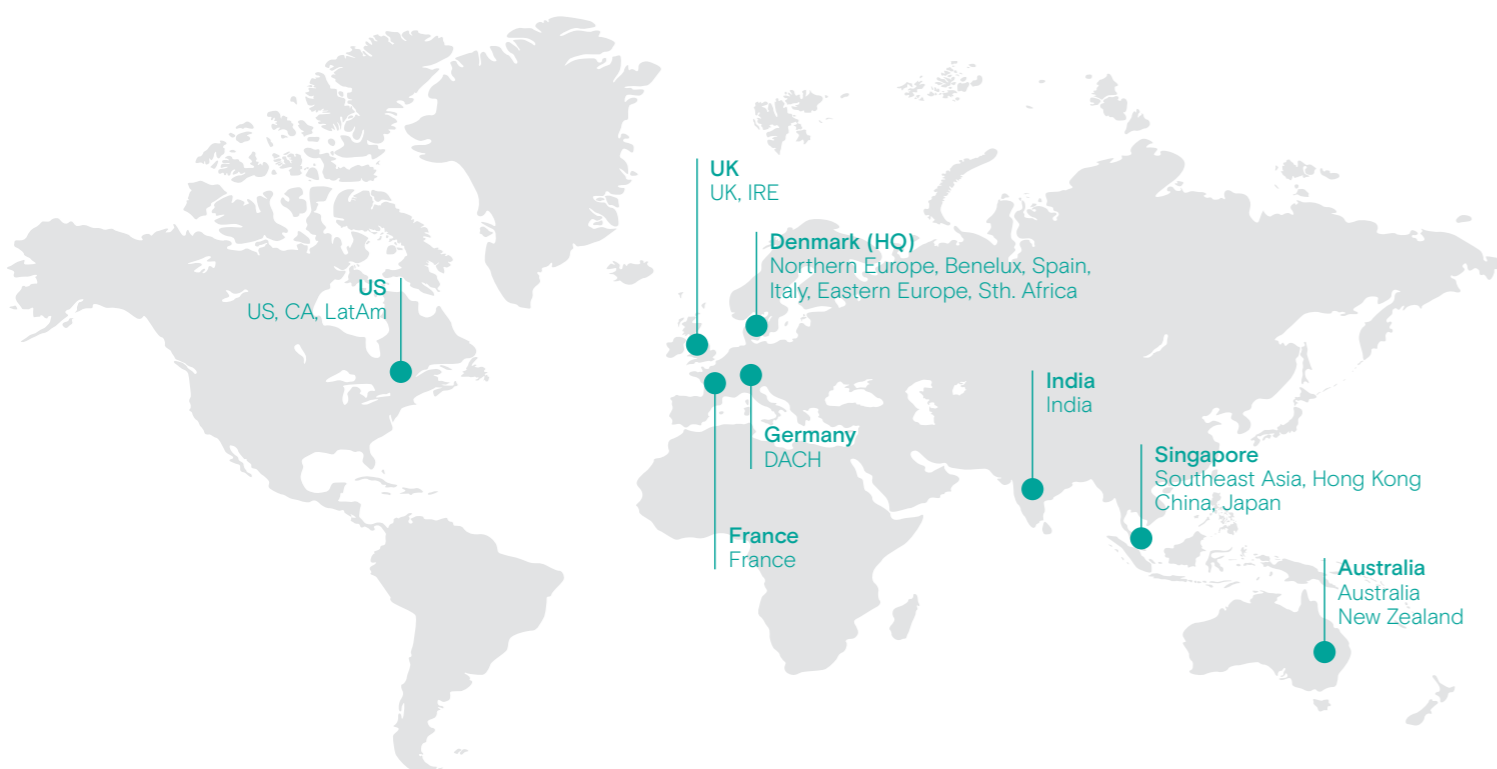

Wherever you work, personalize your device settings to suit your working situation and choose a default softphone and headset.

Control Calls Seamlessly

Connect your headset and softphone for full call control including; answer/end calls, adjust volume and mute.

Service and Support

We've got you covered
