SIMPLIFIED COMMUNICATION

Poly creates premium audio and video products so you can have your best meeting and collaboration – anywhere, anytime, every time. Our headsets, video and audio conferencing products, desk phones, and software are beautifully designed and engineered to connect people with incredible clarity. They work seamlessly with leading hybrid work platforms. And our union with HP means they also are part of an ecosystem of innovative and easy-to-use solutions and services that simplify hybrid working.

Why just show up when you can stand out?

IDEAL FOR

Professionals in the distracting open office/home office looking for a premium solution.

POLY BLACKWIRE 8225

- Connects via USB-A or USB-C.
- Over-the-head (stereo).
- Flexible, noise-canceling microphone with Poly Acoustic Fence technology.
- Intuitive inline controls for call answer/end, mute, volume +/-.
- Three levels of Advanced Digital Hybrid ANC.

IDEAL FOR

High call volume knowledge workers needing a corded headset for PC and Chromebook telephony.

POLY BLACKWIRE 5200 SERIES

- Connects via USB-A, USB-C or 3.5 mm.
- Over-the-head (monaural or stereo).
- Noise canceling microphone along with enhanced digital signal processing (DSP).
- Intuitive inline controls for call answer/end, mute, volume +/-.
- All-day comfort. A lightweight cushioned metal headband offers durability and a comfortable custom fit.

IDEAL FOR

Knowledge workers who need a modern, stylish corded headset for PC and Chromebook telephony.

POLY BLACKWIRE 3300 SERIES

- Connects via USB-A, USB-C or 3.5 mm (BW3315/3325).
- Over-the-head (monaural or stereo).
- Noise-canceling microphone.
- Intuitive inline controls for call answer/end, mute, volume +/-.
- Connect quickly and easily.

IDEAL FOR

Enterprise and call center professionals who need to connect to desk phones, PCs, and/or mobile devices.

POLY SAVI 8400 OFFICE SERIES

- Active Noise Canceling blocks background noise and nearby conversations (8420).
- Noise Canceling mic offers crystal clear calls with a microphone that captures your voice while reducing background noise.
- 3-way base with color display helps streamline the return to office with a universal base for your Poly DECT™ headsets. Connects to PC, mobile, and deskphone.

IDEAL FOR

Use in financial, medical, and government, where conversations need to be secure.

SAVI 7300 OFFICE SERIES

- Two-way connectivity – computer and desk phone.
- Over-the-head (stereo, monaural).
- Noise-canceling microphone with Poly Acoustic Fence technology.
- Call answer/end, mute, volume +/-.
- Up to 2x more density than other DECT™ headsets.
- Designed to meet the DECT™ Security Step C – the highest security level from DECT™ Forum.

AT THE DESK

BLUETOOTH WIRELESS HEADSETS

IDEAL FOR

Office and home office professionals who need a premium stereo Bluetooth® headset.

POLY VOYAGER FOCUS 2

- Connect to your desk phone (with optional Voyager Office base), PC/Mac or your mobile phone with Bluetooth®.
- Over-the-head (stereo).
- Advanced multiple microphone noise-canceling with Poly Acoustic Fence technology in a discreet boom.
- Call answer/end, mute, volume +/-, 3-position ANC switch.
- Three levels of Advanced Digital Hybrid ANC.
- Stay connected all day with charging base options.

IDEAL FOR

Office and hybrid professionals who prefer the freedom of hands-free calls all day.

POLY VOYAGER 4300 UC SERIES

- Connect to your desk phone (with optional Voyager Office base), PC/Mac or your mobile phone with Bluetooth®.
- Over-the-head (monaural or stereo).
- Flexible noise-canceling boom with dual microphone Poly Acoustic Fence technology.
- Call answer/ignore/end, mute, volume +/-.
- Stay connected all day with charging base options.

AT THE DESK

BLUETOOTH® WIRELESS HEADSETS

IDEAL FOR

Professionals working in a distracting environment at home or in the office.

POLY VOYAGER SURROUND 85

- Adaptive ANC and over-the-ear design.
- 6 microphones for clear transmit audio.
- Intuitive touch controls for calls and music with a dedicated mute button.
- Up to 21 hours of talk time.
- Wireless charging stand.

IDEAL FOR

Managers and executives who want integrated video calling.

POLY CCX 700

- 7-inch multi-touch LCD display.
- Poly HD Voice, Poly Acoustic Fence and NoiseBlockAI technologies.
- 2 x 10/100/1000 (GigE), 2 USB ports (type A and type C), integrated Bluetooth® and Wi-Fi.

CONFERENCE ROOM

VIDEO SYSTEMS

IDEAL FOR

Small rooms that need a premium all-in-one video bar.

POLY STUDIO X32

- All-in-one design includes a camera, mics, speakers, and built-in cloud video apps.
- Poly DirectorAI smart camera technology with pinpoint-accurate automatic framing modes.
- 4K Ultra HD camera with 132° DFOV, 120° HFOV.
- Block out audio distractions with Poly Acoustic Fence and NoiseBlockAI technologies.

IDEAL FOR

Small rooms that need an easy-to-use USB video bar.

POLY STUDIO R30

- Simple USB connection to a PC or Mac to use with any video app or cloud service.
- Poly DirectorAI smart camera technology with pinpoint-accurate automatic framing and tracking.
- 4K Ultra HD camera with 120° DFOV, 110° HFOV.
- Block out audio distractions with Poly Acoustic Fence and NoiseBlockAI technologies.
- Wi-Fi connectivity or USB connection for device management.
- Tripod-ready design and optional wall and VESA mounts.

IDEAL FOR

Small rooms that need a simplified bring your own device (BYOD) experience.

POLY STUDIO R30+

- Connect easily with the HP USB-C Dock G5, which lets you connect to the in-room system over just one cable, and powers your notebook at the same time.
- Take control of your BYOD meetings with a remote that gives all in-person meeting participants the ability to mute/unmute, adjust the camera/volume, and more.
- Boardroom quality audio and video experience from Poly Studio R30 with advanced noise reduction and automatic framing so that you can focus on the conversation, not the technology.

CONFERENCE ROOM

VIDEO SYSTEMS

IDEAL FOR

Small rooms that need a USB video bar.

POLY STUDIO V12

- 4K Ultra HD, 20MP camera with 120° HFOV.
- Block out audio distractions with Poly Acoustic Fence and NoiseBlockAI technologies.
- Synamic video experience with latest-gen Poly DirectorAI smart camera technology.
- Simple setup with easy to use monitor clamp and USB connectivity.

CONFERENCE ROOM

VIDEO SYSTEMS

IDEAL FOR

IDEAL FOR

IT directors who need help realizing the benefits underpinning their UC business case.

MODERN WORKFORCE ADVISORY

- Align your future of work strategy with your innovation goals and technology needs.
- Deep dive into the optimal collaboration experiences across employees, IT, partners, and business processes that are highest priority to you.
- Understand the optimal experiences you value to understand the outcomes and challenges you need to solve.
- Co-create a view of the current state, the as-is experience and environment, with a clear view of the desired future state.
- Deliver a high-level design that aligns with your enterprise's specific workspaces, logistical, support, and technical nuances.
- Market Offerings include consulting services to identify tried and tested use cases and understand technical interdependencies, services to assess network readiness to ensure high quality experiences and evaluate onboarding readiness into common solutions such as Microsoft Teams and Zoom, and envisioning services to define in-depth plans to fully adopt and deploy Communication & Collaboration solutions into new and existing environments.

IDEAL FOR

IT directors looking to have the right design for their business requirements of today and future-proofed for tomorrow.

MODERN WORKFORCE DESIGN

- Build the low-level solution design aligned to your business objectives.
- Ensure the solution design is aligned to your optimal experiences and that we clearly understand how the future solution delivers the outcomes you seek and solves the challenges and pain points in your current environment.
- Have peace of mind that your Unified Communications strategy is aligned for future business requirements.
- Flexible capability supported by a multi-disciplinary team of consultants capable of delivering in the most demanding environments.
- HP design services can be purchased as either a holistic Define and Design engagement, or standalone. Our Define and Design Services focus on the design of a complete end-to-end solution with a Proof of Value.
- Standalone design services include Solution Design, Workspace Design and Poly PrivateConnect Remote Design. These service offerings provide the information required to prepare for an optimal deployment, enabling you to achieve your desired business outcomes.

IDEAL FOR

IT directors looking to convert their plan into reality and quickly achieve the anticipated benefits.

MODERN WORKFORCE DEPLOYMENT

- Work closely with you to ensure that you have a seamless experience.
- Ability to support proof of value to demonstrate the solution working in your environment.
- Seamless migration from proof of value into your production environment.
- Expedite your return on investment by adding HP experts to your team to fill any capability gaps.
- Remote and onsite options available for voice and video.
- HP deployment services can support you at any point in your Unified Communications (UC) journey, whether deploying and implementing your first UC solution, migrating to a new platform, upgrading an existing solution with the latest features and enhancements, or integrating your Communication & Collaboration solution into your UC environment. Project management services give you access to expert project managers who follow best practice methodologies to coordinate all aspects of solution deployment—providing a smooth, efficient service.

HP MANAGED COLLABORATION SERVICES¹
